

# MORSON PROJECTS **CAPABILITY OVERVIEW**

Ideas into reality

A photograph of two men in a modern office setting. One man with grey hair is seated at a desk, typing on a keyboard. The other man with dark hair is standing and leaning over the seated man, looking at a large computer monitor. The monitor displays a 3D architectural model of a building. The background shows office shelves and windows. The entire image has a dark blue overlay.

# An Introduction

TO OUR BUSINESS

# Morson Projects

## Customised

Tailored solutions  
for different requirements

## 80+

Technical staff in Italy  
(consultancy)

## Adding value

Best practice for recruiting and  
experience in engineering  
services

## Multi-site

Experience across several  
Italian regions

## € 6,8million

Annual turnover  
(2023)

## Over 17 years

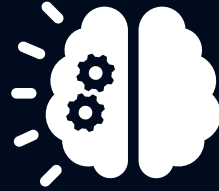

In the Italian  
market

# Our Business

Morson Projects are a reputable multi-disciplinary engineering consultancy with a vast amount of experience across Italy and the UK.

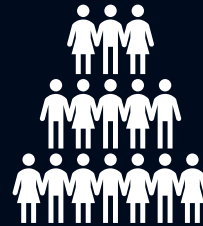

## WHY

We are **passionate about** effectively and efficiently **solving** engineering/technical **challenges**

## HOW

We build **teams** of world class experts and **give** them **the tools to deliver projects**

## WHAT

We provide our clients with a broad range of **engineering solutions and products**

# Our Markets

We have intricate knowledge and understanding of a range of markets, enabling us to fully support our clients with their projects.

**Process &  
Chemical Plant**  
(Plastic, Rubber &  
Silicone)

**Mechanical/  
Mechatronics**

**Space**  
(Satellites &  
Telescopes)

**Electronics**  
(Semiconductors,  
Complex Systems)

**Aerospace &  
Defence**  
(Civil & Military)

# Our Partners

We pride ourselves on building long-term relationships with our clients and industry partners.

We are proud to be qualified suppliers for a range of organisations within the Italian market.

# Our Services

HOW WE CAN SUPPORT YOUR BUSINESS

# What we can do

**Engineering  
Consultancy**

**Outsourcing  
Solutions**

**Aeronautical  
Training**

**Technical  
Recruiting**

# What we can do

Engineering  
Consultancy

...Developing engineering **work packages**  
delivered by a dedicated teams of consultants:

- Design, Stress Analysis, EMC
- Fatigue & Damage Tolerance
- System & Quality Engineering
- RAMS

# What we can do

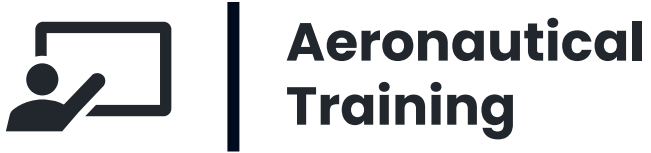

Outsourcing  
Solutions

...Managed with both **on-site** and  
**off-site** consultancy teams:

- Supply Chain
- Material Management & Expediting Services
- Manufacturing Engineering
- Project Management

# What we can do

...Through our in-house **certified** team:

- Classroom and hangar courses
- Simulators and aircrafts training
- Technical Manuals, SME services, CBT

# What we can do

...Of profiles **specialising in engineering:**

- Certified technicians
- Professional
- Middle Manager & Executive

# Our Capability

We have a unique blend of multi-disciplinary experts across a wide range of technical and engineering solutions.

- Aeronautical Maintenance & Technical Services
- Bench Testing and Strain Gauge
- Bid & Proposal
- CAM Design
- CNC Programming
- Configuration Management
- Design & Stress Analysis
- Electronical Engineering
- EMC and RAMS
- Fatigue Analysis
- Flight Test Data Analysis
- Flight Training (Rear Crew and Pilot)
- Graphic Design and CBT
- Ground Aeronautical Personnel Training
- Hardware Engineering
- Installation Services
- Logistic / Buyer /Expediter Services
- Mechanical & Manufacturing Engineering
- Metrology
- Pilots and Ground Training
- Product Engineering
- Project Management
- PTC Creo/CATIA/Inventor/NX Designers
- Quality Engineering
- Software Engineering
- Systems Engineering
- Technical writing
- Test Engineering
- Training Planning & Management Service

# Why us?

Why work with  
Morson Projects?

## Group Offering

**Complementary service** with  
knowledge of talent, engineering  
and skills
